

Waitin' for bus number nintey-nine
Goin' to the store for hot dogs and wine
When all of a sudden, I felt real cold
And wound up in the belly of a big ol' UFO
On the bus, to the plane
To the UFO and to outer space, baby
On the bus, to the plane, baby yeah
Take me away
Is that you Mo-Dean? (it's me, Mo-Dean)
Is that you Mo-Dean? (on a UFO)
Is that you Mo-Dean? (it's me, Mo-Dean)
The interdimensional outer space being
Movin' through the spheres, faster than light
On our way to some planets that were outta sight
We said space driver, give it a spin
And take us to some places we ain't never been
On the bus, to another plane
To the UFO and to outer space, baby
On the bus, to the plane, baby yeah
Take me away
Is that you Mo-Dean? (it's me, Mo-Dean)
Is that you Mo-Dean? (on a UFO)
Is that you Mo-Dean? (it's me, Mo-Dean)
The interdimensional outer space being
Is that you Mo-Dean?
It's me, Mo-Dean!
Is that you Mo-Dean?
It's me, Mo-Dean!
Is that you Mo-Dean?
It's me, Mo-Dean!
I say, at which depot do we depart from his UFO?
Well, it had been nine hundred and eighty-seven years in outer space time when I got back
Couldn't seem to find any of my friends to tell my intersting stories to (past life)
On the bus, to the plane
To the UFO and outer space baby
On the bus, to the plane, baby yeah
Take me away
Is that you Mo-Dean? (it's me, Mo-Dean)
Is that you Mo-Dean? (on a UFO)
Is that you Mo-Dean? (it is I, Mo-Dean)
The interdimensional outer space being
Is that you Mo-Dean?
It's me, Mo-Dean!

Is that you Mo-Dean?

It's me, Mo-Dean!

Is that you Mo-Dean?

It's me, Mo-Dean!
